If you are a convenor from a boardwide contest or a staff advisor from a team participating, please complete the [online registration form](#) on or before Saturday April 5 (or as soon as you can). The confirmation page will contain your invoice which you can print. It also contains the address of David Stermole, to whom you should send the cheque of \$80 per team.

The number of teams that can be sent from each board is determined by the following formula: three teams for the first ten secondary schools in the board or part thereof, and then one team for every ten secondary schools in the board or part thereof, after the first ten. Click [here](#) to determine the number of teams that can be sent from each board in Ontario.

To try to encourage female student participation, school boards can send, in addition to the number of teams determined above, one all-female team for every 25 secondary schools in the board, or part thereof.

All staff advisors and student participants should read the [Contest Rules](#) before participating in the contest. Send all questions and concerns to ECOO.CS President.

Send all questions and concerns to ECOO-ES President.

The entry fee for the Regional contest is \$80 for each team that participates. Although the host Universities shoulder most of the cost of the contest, the fee helps with the cost of prizes and other incidentals for both the Regional and the Final contests.
